Dear Zlatan:

I would like to take this opportunity to extend my sincere thanks to you and the gang at Look Matters/GJ Photography. I appreciate the professional, personable, and efficient service that I received, particularly from Vivek Joshi.

In the past years with Special Olympics, we have made several changes regarding our Web-site Host. This was due to a lack of customer service, and the low ability to meet our needs. I have to say that this last transition seemed easy and stress free.

I am extremely impressed with your company image, standards, and customer service level. I will always remember my positive experience with you and your team; I will recommend your service to all my contacts.

Thank you very much.

Sincerely,

Lee Brumwell
